# EVOLUTION

*This transformation shines with the perfect illumination.*

## Cable bridge

Telangana's Karimnagar Cable Bridge, inaugurated by KTR, is South India's largest, costing Rs 224 crore. Its grand opening featured tire works, a laser show, and cultural performances. Already a hotspot for photoshoots and filming, the bridge stands as a state-of-the-art structure, recognized nationally for its excellence in construction.

## SIDDIPET IT HUB

Siddipet IT Hub is a coworking building specifically tailored for technology startups. It aims to foster collaboration among entrepreneurs, offer an affordable working environment and access a network of professionals and companies. Membership options at Siddipet IT Hub range from single desks to full office suites; coworking spaces also foster networking opportunities and provide a sense of community, making them attractive choices for small and mid-sized enterprises.

## NALAGONDA IT HUB

The Nalgonda IT Hub is illuminated by Levels, providing an exceptional lighting experience that enhances the architectural features and creates a vibrant and dynamic atmosphere within the facility. Our cutting-edge lighting solutions not only highlight the hub's modern design but also contribute to an energy-efficient and aesthetically pleasing environment, supporting a productive and inspiring workspace for all its occupants.

## T-HUB

In the heart of Raidurg, Hyderabad, the T-Hub project has been a beacon of innovation and collaboration. Our lighting company played a pivotal role in enhancing this dynamic space, strategically deploying cutting-edge lighting solutions. Leveraging a combination of energy-efficient LED fixtures and ambient lighting, we've transformed T-Hub into a vibrant hub of creativity. The illumination not only complements the modern architecture of the facility but also fosters an inspiring environment for startups and government organizations alike, aligning seamlessly with T-Hub's award-winning commitment to innovation and excellence.

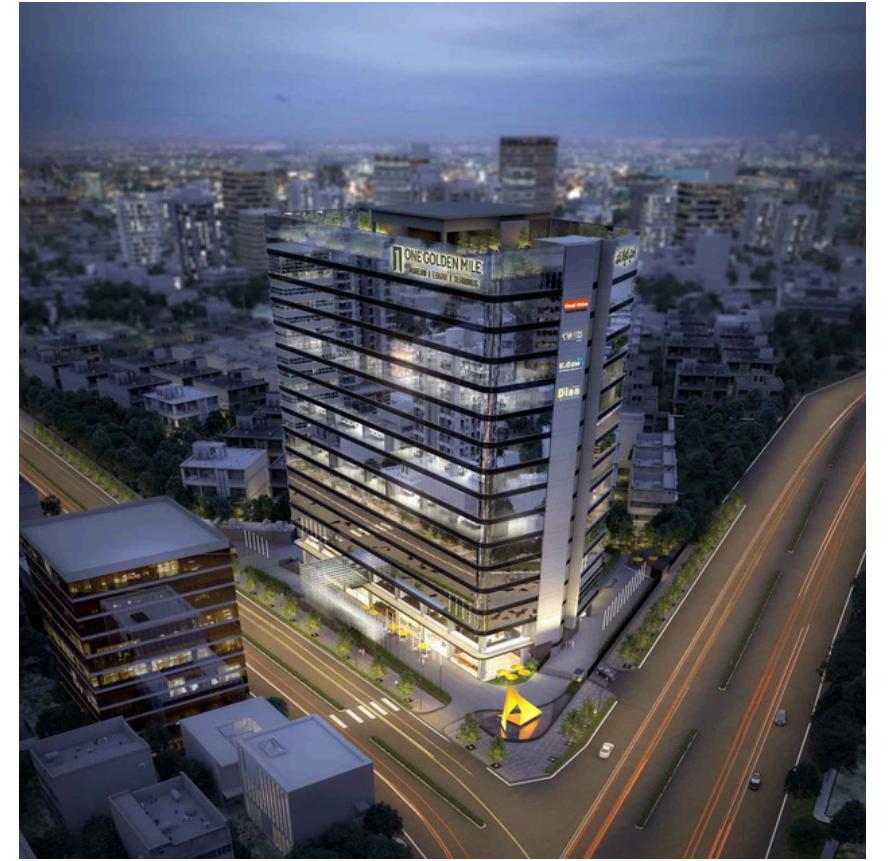

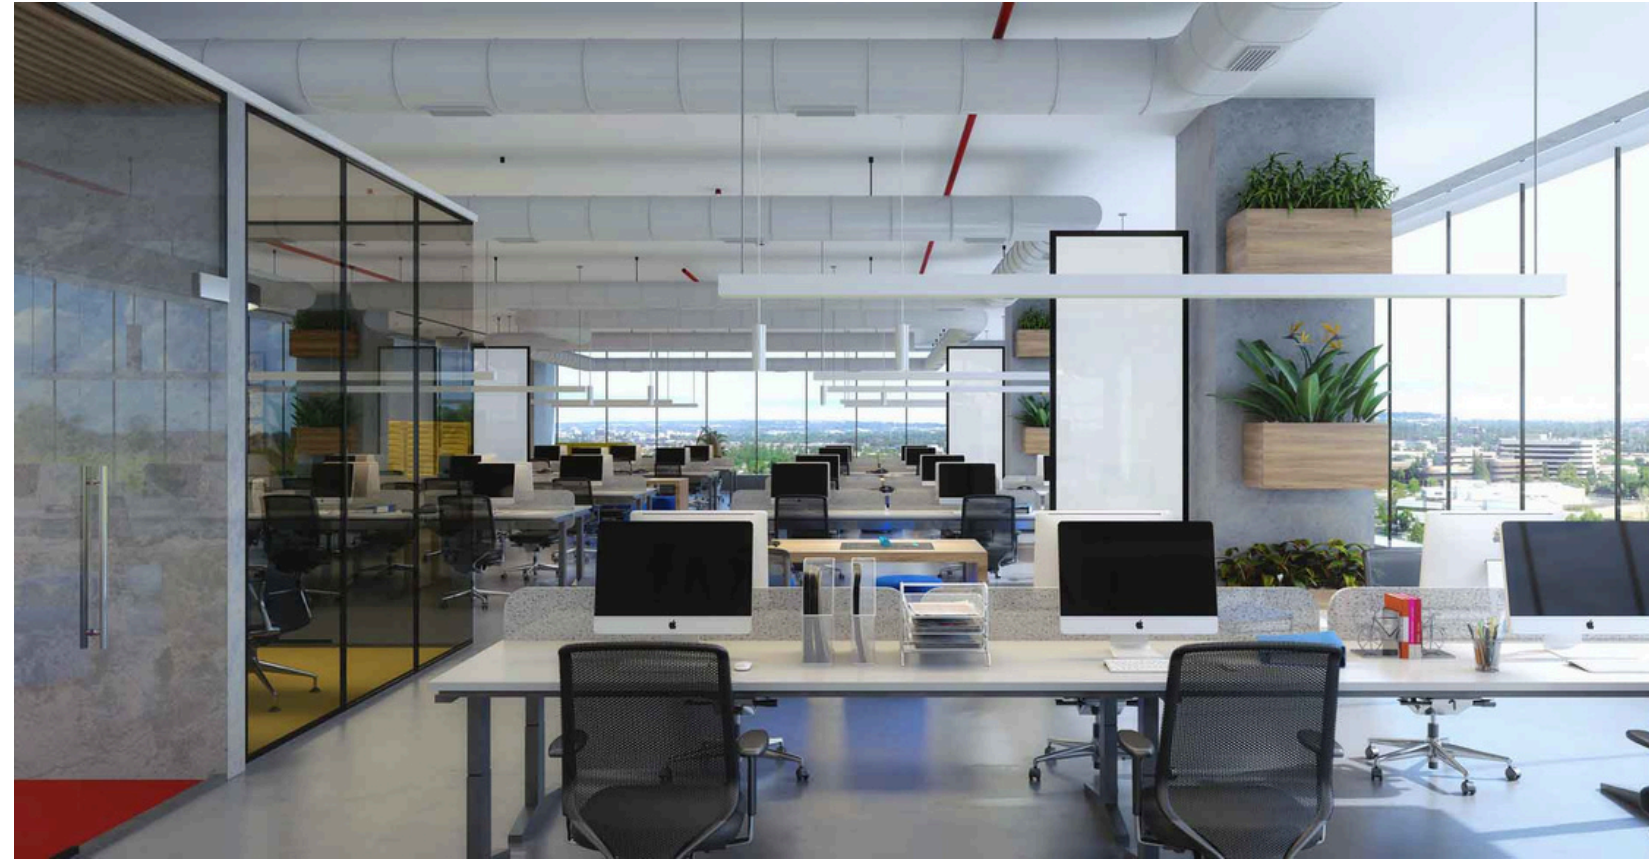

## DALLAS CENTER

Dallas Center is a Grade A independent building located in HITEC City, Hyderabad. It offers spacious commercial space with easy access to public transportation. The building stands 16 floors tall and has a total built-up area of ~4,00,000 sq. ft.

## ONE GOLDEN MILE

One Golden Mile is a value for money Project developed by one of the Hyderabad well known Developers Aurean Eskar. It is spread across 2 acre. The Project is conveniently located in Kokapet, West Zone and well connected by major road(s) like Nehru Outer Ring Road Hyderabad. The Project has 15 Units. The Status of the Project is Mid Stage. Our Lighting Company's Transformative Projects Illuminate Spaces and Enrich Environments, Capturing the Essence of Design and Innovation.

## TELANGANA MARTYRS MEMORIAL

It is symbolic structure celebrating brave Telangana agitators. It is a focus for political activity highlighting issues relating to the Telangana region. It was inaugurated by Chief Minister of Telangana, K. Chandrashekar Rao on 22 June 2023.
