

Creative lighting consultancy emphasizing design principles.

WHO WE ARE

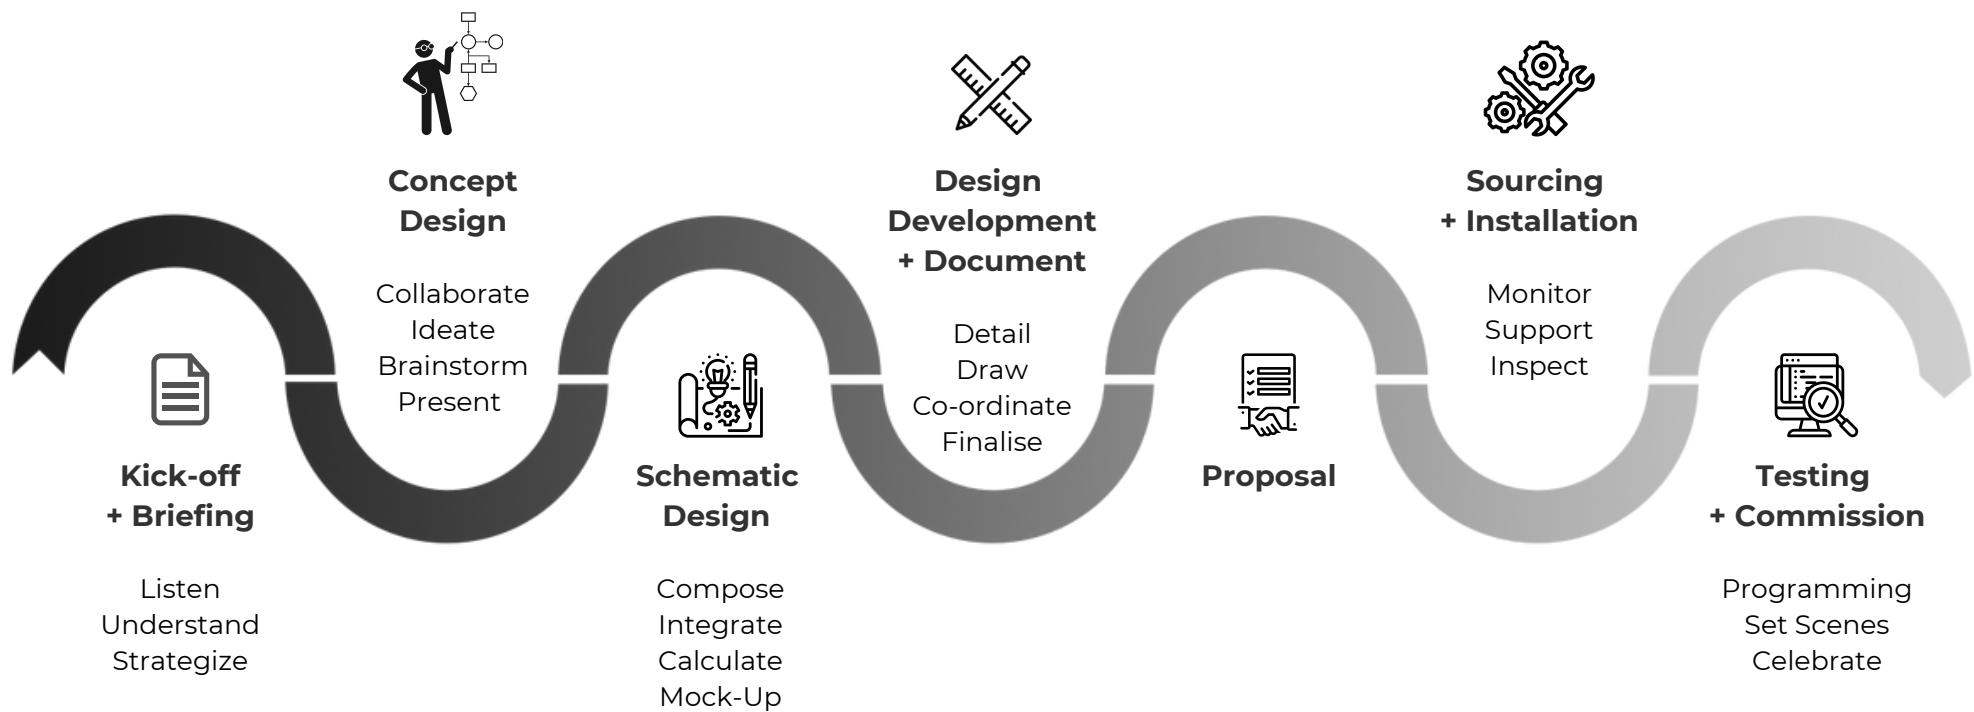

Levels is a design and product ecosystem of technologies that comprise sound, control and light. Levels, where elegance meets simplicity and luxurious living intertwines seamlessly. Your destination for immersive Home Theatre, Home Automation and Lighting experiences.

OUR APPROACH

We prioritize client needs, collaborating with architects and designers to seamlessly integrate thoughtful lighting designs. Our meticulous process includes precise calculations, resulting in comprehensive documents for contractors. Our commitment extends through construction, ensuring timely and accurate installation and commissioning of luminaires and equipment.

Process

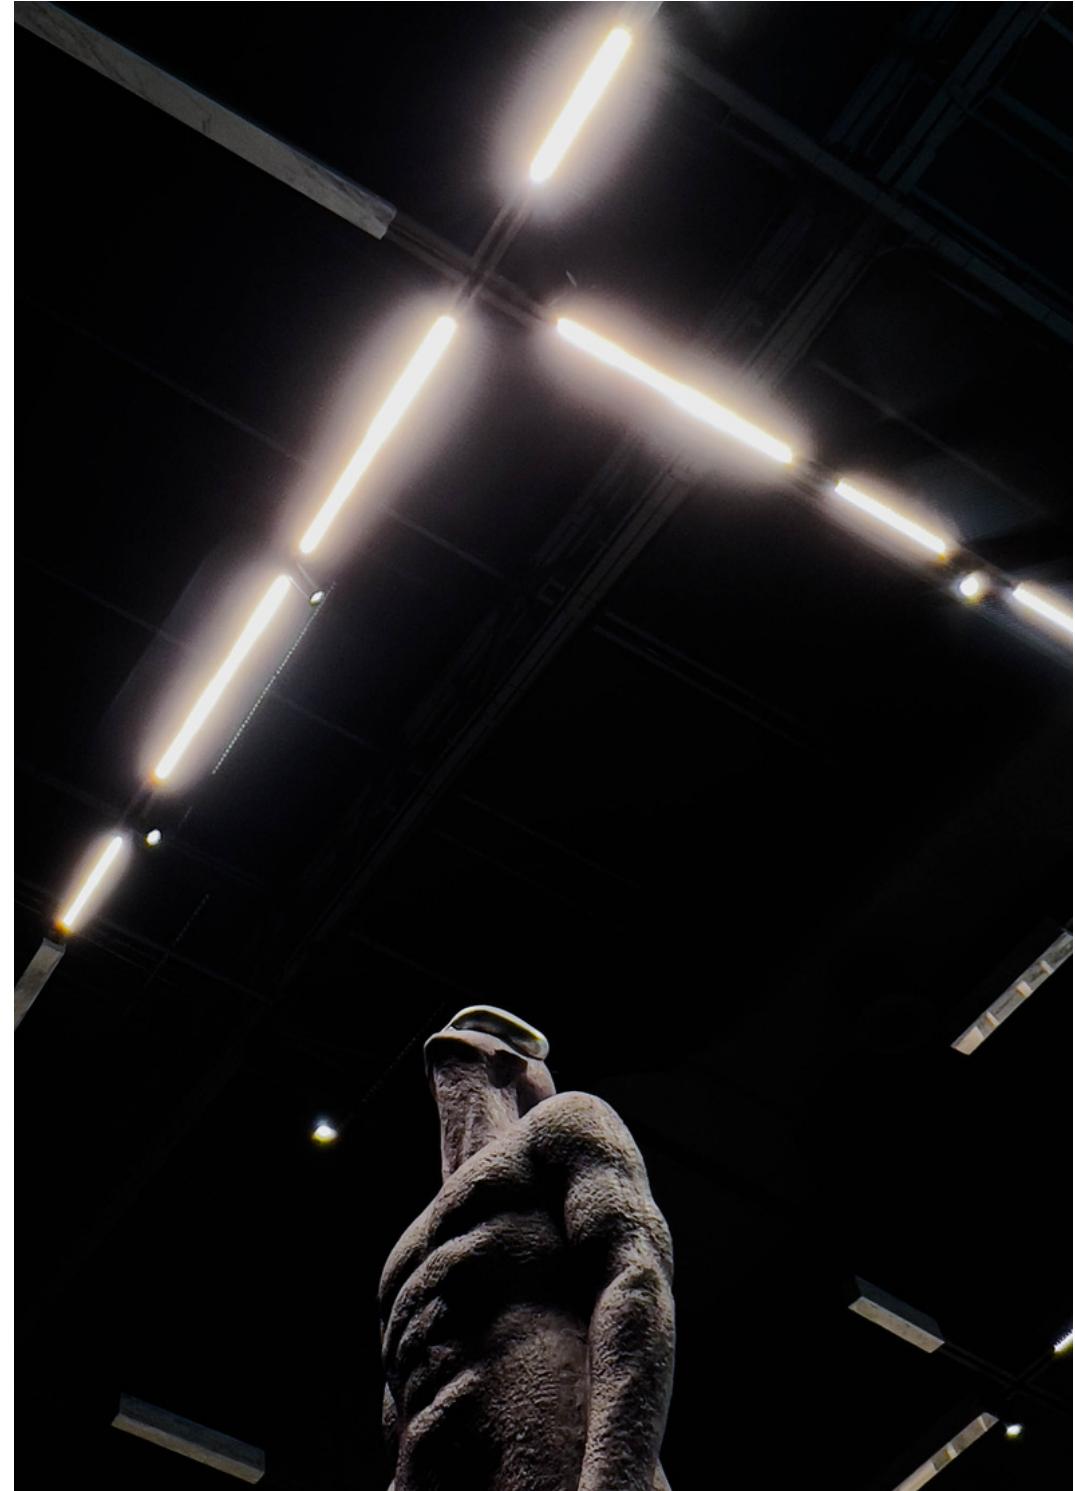

Brand Partnerships

We seamlessly blend technology and aesthetics with renowned brands.

Projects

INDIA'S LARGEST DYNAMIC ILLUMINATED CABLE BRIDGE

Cable bridge

Telangana's Karimnagar Cable Bridge, inaugurated by KTR, is South India's largest, costing Rs 224 crore. Its grand opening featured tire works, a laser show, and cultural performances. Already a hotspot for photoshoots and filming, the bridge stands as a state-of-the-art structure, recognized nationally for its excellence in construction.

Gurus Helisha

GURU SWAMI Naidu House underwent a transformative lighting upgrade, infusing its living room, bedroom, dining room, and more with bespoke fixtures. The new lighting scheme adds depth and warmth to each space, elevating the overall atmosphere and functionality of the residence. With a thoughtful blend of ambient, task, and accent lighting, every corner of the home now exudes a harmonious balance of illumination and style.

Brick Mask House

Levels Lighting beautifully illuminated the Brick Mask House, a tranquil retreat nestled amidst an acre of mango trees. Through strategic lighting, the house seamlessly integrates with its natural surroundings, blurring the boundaries between indoors and outdoors. Warm, natural light bathes each space, creating a harmonious living environment that celebrates the beauty of nature and thoughtful design.
